Dear Friends,

How can we thank you? Your response has truly overwhelmed us. Our hearts go out to the people affected by the tsunami, and our thanks go out to you, for your most generous gift in support of AmeriCares relief efforts and humanitarian aid.

Seven airlifts of life-saving medicines and equipment have gone to assist the tsunami-affected countries. AmeriCares people have been in the area since the week of the disaster, and have delivered supplies to hospitals, camps, schools and other centers of relief assistance.

We have provided antibiotics and other medications to treat more than 1,500,000 people and water purification supplies to treat enough water for 2,500,000 people! AmeriCares disaster experts are now assessing how we will be involved in the crucial tasks of rebuilding.

AmeriCares humanitarian assistance in other parts of the world continues unabated as well. The relief we provide breaks down the barrier between suffering and comfort, between homelessness and shelter, and often, between life and death.

Your gift helps AmeriCares reach out. We will spend your money carefully and we will report to you regularly. We are very grateful.

With our deepest thanks,

Curtis R. Welling
President and CEO

P.S. If you are interested in learning more, you can look at our web site, www.americares.org for regular updates on tsunami relief work and AmeriCares critical humanitarian assistance around the world. You will also see how AmeriCares is at work fulfilling needs right here near our home.

Dear Friends:

Thank you for donation tbe-2QQ5 Gala for Amigos de las Américas--(AMIGOS). Your gift directly supports AMIGOS' service projects and our mission to build partnerships to empower young leaders, advance community development and strengthen multi-cultural understanding in the Americas.

The International Board of Directors and staff of AMIGOS join me in thanking you for your generous gift, received on April 1, 2005. Since no goods or services were received in return, the full amount of your gift is tax deductible as provided by law.

During their summer vacations, adolescent and young adult volunteers conduct community health and development projects in Costa Rica, Dominican Republic, Honduras, Mexico, Nicaragua, Panama and Paraguay. In partnership with local agencies and communities, these young leaders serve as catalysts and facilitators in organizing sustainable community service projects and youth groups.

AMIGOS challenges youth to make a positive difference in the world at a time in their lives when idealism and energy are high and opportunities for independent initiative and decision-making are limited. While the impact AMIGOS volunteers make in Latin America is considerable, what they bring back to their home communities is extraordinary. Not only do AMIGOS volunteers gain self-confidence, global awareness, and a foreign language, they also develop a strong appreciation for other cultures and a commitment to community service and volunteerism that lasts throughout their lives.

Thank you for supporting our efforts to enable youth to explore their potential, demonstrate their strengths, and make a positive difference in the world.

With warmest regards,

Emily Untermeyer, M.P.H.

First Book

Dear Contributor:

Thank you so much for your donation to First Book. Your generosity will help First Book spread the magic of reading to children from low-income families across the country

Your commitment to children's literacy underscores an understanding of the great need in this country. According to recent studies, over 60% of low-income families have no books in their homes for their children. Additionally, 80% of the childcare centers serving these children have no age-appropriate books. Illiteracy is a national problem, **however** research has demonstrated the solution: access to books is the most important factor in improving a child's ability to read. Your donation helps make this access a reality for children across America.

As you know, First Book is a national nonprofit organization with a single mission: to give children from low-income families the opportunity to read and own their first new books. Through our national network of volunteer Advisory Boards, First Book works to increase literacy levels by providing an ongoing supply of new books to children participating in *existing* community-based literacy programs. In the last three years alone, First Book has provided over 20 million new book to children in need in hundreds of communities nationwide.

If your donation was made in honor or memory of an individual or event, we would be happy to send an acknowledgment on your behalf. For more information about sending an acknowledgment or with questions about your donation, please call us at 202-393-1222 or email staff@firstbook.org.

Thank you for joining First Book as we work not only to fight illiteracy, but to end it.

With best wishes,

Jane Robinson
Chief Financial Officer

** Please keep this letter for your records as it confirms your gift to First Book, a national 501(c)(3) organization. This also declares that your full contribution is tax-deductible, as you received nothing of material value and no goods or services were exchanged.*

"I HAVE A DREAM" FOUNDATION

April 7, 2005

Ms. Nicki L. Schuh
President
Heartfelt Charity Cards

Libertyville, IL 60048

Dear Ms Schuh:

On behalf of the "I Have a Dream"@ Foundation and the thousands of children we serve, I thank you for the donation resulting *from* sales of "I Have a Dream"@ greeting cards. We look forward to continuing this very successful partnership in the coming year.

As you know, the "I Have a Dream"@ Foundation works through Programs *or* chapters in cities across the nation. The glue that creates these Programs, fosters and teaches them, and holds them together, is the national "I Have a Dream"@ Foundation in New York City. Your support assists the "national" Foundation in its ongoing plans to identify and develop chapters and new local sources of funding, prepare and update program manuals, conduct national meetings and conferences for dreamers and volunteers, and foster and develop a national presence and brand across the United States.

The national "I Have a Dream"@ Foundation is also perfectly positioned to develop strategic national partnerships that can positively affect the growth and development of *our* chapters. Your contribution not only assists us in serving over 6,000 young people currently in the Program, but you, and the many others who support us, have ownership in our plans to open numerous new Projects over the next three years and to reach out to many new states.

Eugene M. Lang started a model 24 years ago that has served more than 14,000 children. While we are proud of this record of success, we know that many more young people need our help. Reaching out to hundreds of thousands more of our nation's youth can only happen through our partnership with increasing numbers of friends like you.

We very much appreciate your support, and look forward to working with you again later in the year. In the meantime, should you have any questions, *you* can reach me by telephone at (212) 293-5480 ext. 21, *or* by email at mwinton@ihad.org.

Dear The Charity Card Company,

Thank you so much for your generous donation! Your gift will enable Locks of Love to continue helping many children suffering from medical hair loss.

Locks of Love provides these children with custom, vacuum-fitted hair prostheses. Most of the children helped by Locks of Love have lost their hair due to a medical condition called alopecia areata, for which there is no known cause or cure. The hairpieces we provide give them the tools to rebuild their self-esteem, enabling them to face the world and their peers.

On behalf of the many children whose lives you will touch, thank you.

We appreciate you!

Executive Director

NATIONAL **AIDS** FUND

Leaders in the Fight Against

April 5, 2005

Ms. Nicki Schuh
President
Heartfelt Charity Cards
1133 Tracy Lane, Suite 100
Libertyville, IL 60048

Dear Ms. Schuh:

We are pleased to acknowledge your generous gift to the National AIDS Fund, representing 10% of the sales made in the National AIDS Fund's name during 2004. All of us are very grateful for companies, such as yours, who help the National AIDS Fund to accomplish our mission to reduce the incidence and impact of HIV/AIDS. Thank you very much for your contribution. While we too wish all of our marketing and sales efforts were better reflected in the campaign results, I know we will work hard together to ensure that 2005 is more successful for both Heartfelt and the National AIDS Fund! Thank you for selecting us to be your national HIV/AIDS partner, and I look forward to our continued work together.

As many of us know, AIDS is not over, and is affecting traditionally underserved populations disproportionately. According to the CDC, while African-Americans make up 12% of the U.S. population, they account for 40% of AIDS cases since the epidemic began. AIDS cases are also *sharply* on the rise among Latino populations and women, and *half* of all new HIV infections are among persons under 25. During a time when funding for HIV/AIDS is being cut everywhere, the National AIDS Fund is continuing to do its part to ensure that all people, of every race, class, gender and sexual orientation or gender identity, have access to HIV / AIDS prevention, education and care.

For 17 years the National AIDS Fund has been building and sustaining Community Partnerships across the country in 25 states and the District of Columbia. As we build and support our 29 Community Partnerships in providing resources and training for HIV prevention and care, I am pleased to count you among our friends. Much of our work would not be possible without your generous and continued support.

Respectfully,

Kandy Ferree
President & CEO

Dear Nicki,

I would like to thank you for your most generous gift to Prevent Child Abuse America for the 2004 holiday card promotion. And I'd like to congratulate you and your team for achieving such remarkable increases in the amount you were able to donate to participating charities. It truly is a testament not only to your enhanced marketing activities, but also your company's genuine commitment to supporting worthwhile non-profit organizations.

This funding will support our leading child abuse prevention efforts, and at a time when we are finding new ways to disseminate our messages and interact with people who would benefit most from our services. We're seeing results with the families with whom we work, and while there's a long way to go, we're encouraged by these successes and deeply appreciate the support from company's like yours that help make it all possible.

It was a pleasure working with you last year and we look forward to working with you again later this year.

Until then, thank you again very much for your most generous support.
